**The Department and University:**

UC3M (see [www.uc3m.es](http://www.uc3m.es)) is a high-ranking young (founded in 1989) research-oriented public Spanish university. The Department of Statistics (see [www.uc3m.es/statistics](http://www.uc3m.es/statistics)), which has about 35 full-time faculty members with a broad variety of research interests. The Department is involved in teaching Statistics, Econometrics and Operations Research related courses in most undergraduate degrees offered by UC3M, spanning the Schools of Engineering, Social Sciences, and Humanities. The Department participates as well in several postgraduate programs, especially the Master in Statistics for Data Science and the Master in Big Data Analytics, and in a PhD program. A large share of courses are taught in English.

The Department supports the research of new faculty members with funding for conferences and research stays. Faculty members are also active in looking for research funding from public and private institutions.
